To: Blake Pavelich
Re: Aluminum Sunshades – Cumberland Crossings Project
From: Jason Christy

Blake,

I wanted to thank you for the excellent product you provided on the Cumberland Crossings project and provide you with some pictures of the installed sunshades. The contractor was extremely happy with the design work up front. We were pleased with the engineering, shop drawings and fabrication process. We would be happy to recommend and work with your product on future projects.

Sincerely,

Jason Christy – Project Manager
