To Whom It May Concern:

United Skys, Inc. was hired by M.J. & B. Contractors, Inc. to manufacture and install the glass skylight at Hay Caramba Restaurant in Park Ridge, Illinois. We found United Skys' staff to be very professional. We also found their work to be of the highest quality craftsmanship. Their shop drawings were easy to read and follow. They were consistently on schedule and in budget. We would recommend United Skys, Inc. to any of our clients who desired their type of product. We would have no hesitation whatsoever working with United Skys, Inc. in the future.

Sincerely,

Jack Boryszewski
Vice President
