Re: Tremco® Extrusions – LEED™ Product Information

To Whom It May Concern:

Tremco, as an organization, is committed to quality, responsive to internal and external customers, our employees, our community and environment, and we will treat all with respect and good stewardship.

All Tremco Extrusions are manufactured in Ashland, Ohio. If Ashland falls within a 500-mile radius of the project site, the product is considered to be a locally produced material and can help contribute to earning Materials & Resources - Credit 5.

All Tremco Extrusions contain 0g/L volatile organic content (VOC) and therefore satisfies the LEED criteria for Indoor Environmental Quality standard as established under credit 4.

Should you have any questions or require additional information, please do not hesitate to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read "Michael Schmeida". The signature is stylized with a large, looping initial "M" and a long horizontal stroke extending to the right.
