Dear Mr. McCartney:

Turner Construction Company would like to take a moment and offer our sincere thanks for a job well done. The Wisconsin Place Residential Towers Project offered a number of uncommon challenges in terms of site logistics and schedule. Your company, managers and workers alike, met these obstacles with a "can-do" and professional attitude and, despite these hurdles, produced a quality result. We sincerely appreciate your hard work and the skill that your staff demonstrated.

Please extend our deepest thanks to your jobsite and office staff members. We look forward to working with your team on future projects and bringing to those projects the same kind of quality, skill and dedication evidenced on this project.

Sincerely,

TURNER CONSTRUCTION COMPANY

Christian Jahrling
VP / General Manager
TCCo.

Rich Treglown
